Book your Autumn Deals with Raring2go!

raring2go.lovetovisit.net

Three pages full of national awareness days and events to get involved in this Autumn! Click the boxes to go straight to further information

1st September

Organic September aims to celebrate everything that is organic and the hard work and dedication that goes into growing and making it work with nature, not against it. Now, really the time is for organic.

6th September

National Read a Book Day calls on all book lovers to indulge in their favorite hobby, guilt-free. The aim is to encourage us to silence the white noise of the blue screen and turn some physical pages for a while.

12-21st September

Heritage Open Days is one of England's largest festivals of history and culture. When we say BIG we really mean BIG! Heritage Open Days is your chance to see hidden places and try out brand new experiences – the best part of all is ... that it is absolutely FREE.

13th September

Join the global celebration of Roald Dahl stories this September with Roald Dahl Story Day. Celebrating our favourite characters, stories and moments with Roald Dahl fans the world over. Visit our Roald Dahl Day hub for more fun activities, lesson resources and ways to celebrate.

15-21st September

The Jeans for Genes is a campaign that raises awareness of the daily challenges faced by those living with genetic disorders and raises money to fund projects that make a real difference to the lives of all those affected.

15-21st September

National Coding Week seeks to bring coding and digital literacy to everybody in a fun and engaging way. Get inspired and involved by exploring brand new ideas and concepts that help innovate for the future!

Join the conversation
#NATIONALCODINGWEEK

19-28th September

The Great British Beach Clean is a week-long citizen science event, where hundreds of beach cleans take place up and down the UK.

23-29th September

National Eye Health Week It's more important than ever to remember to look after your eyes. At least half of sight loss is avoidable. National Eye Health Week aims to remind us all of the importance of keeping an 'eye' on our eyes.

26th September

The Worlds Biggest Coffee Morning, is a day to not only enjoy one of the world's favourite beverages but also make a difference by helping to raise money for people facing cancer. Get involved if you can.

26th September

Celebrate the The European Day of Languages which aims to involve millions of people across more than 45 participating countries. Activities include linguistic diversity in Europe and the day promotes language learning.

29th September

World Heart Day raising awareness of Cardio Vascular Disease and the importance of taking care of your heart.

30th September

National Sporting Heritage Day. The annual celebration began in 2014 and today there are many ways to get involved from hosting an event to promoting your work & sporting collections online all with support from Sporting Heritage CIC.

4th October

World Space Week is the largest annual space event in the world. It's main aim is to inspire students and public support for the space programme... Beam me up!

13-17th October

Bike to School Week is a week-long event across the UK to encourage families to cycle and scoot to school. It's a great way to celebrate the huge benefits an active school run brings.

16-22nd October

Chocolate Week. This is a favourite of ours and we're sure for chocolate lovers everywhere. Who hasn't been waiting for National Chocolate Week? Whatever your preference, make sure you get involved!

October

ADHD Awareness Month's goal is to provide reliable information and resources to help people thrive with ADHD.

4th Oct - 2nd Nov

The Family Learning Festival is a national celebration to mark and inspire a love of learning in family life. It is co-ordinated by the Campaign for Learning, the organisation that aims to build a culture of learning everywhere.

Family Learning Festival

31st October

Halloween marks the end of summer and harvest and the beginning of the dark, cold winter. Over time, it has evolved with activities like trick-or-treating, carving pumpkins, donning scary costumes, eating treats and festive gatherings.

Autumn is a **magical** season for children to connect with nature and explore the changing world around them. Crunchy leaves, conkers, and golden light turn everyday walks into **adventures**. Outdoor play in the crisp autumn air fuels imagination, supports wellbeing, and **nurtures** a deeper bond with the natural world. As the days grow shorter, there's still **wonder** waiting outside – so let's wrap up warm and embrace the season with our easy autumn adventures.

-  **Get busy in the trees:** Go climbing, build a den, take bark rubbings or even make leaf confetti
-  **Wildlife watching:** Look for squirrels gathering food or birds migrating, and keep a journal of sightings
-  **Help the local wildlife:** Use twigs, bark, leaves, and other materials to create a cosy home for insects or build a home for hedgehogs
-  **Go on a scavenger hunt:** Search for conkers, acorns, pinecones and different shaped leaves
-  **Cook with foraged finds:** Safely forage for blackberries or apples, and make seasonal treats like crumble or jam

 **Get creative:** Create leaf rubbings, collages, or even nature crowns or wands

 **Make bird food:** Use garden wire and cereal to make easy bird feeders to hang in the garden

If your little one loves nature, take a look at our eco activity boxes - our TOOL KIT FOR ECO HEROES - use **GO15** for **15% discount**

www.itsourplanettoo.co.uk

Whether it's mud pies, flower pot soufflés or other ghastly garden concoctions, this Small Foot Mud Kitchen invites children to dive into and get creative with hands-on play.

Benefits:

- ✿ Encourages imaginative and sensory play with natural materials
- ✿ Supports social interaction and cooperative play
- ✿ Helps develop fine motor skills and creativity
- ✿ Durable design for long-lasting outdoor adventures

Features:

- ✿ Weather-resistant, durable wooden construction for outdoor fun
- ✿ Playable from all four sides, perfect for group play
- ✿ Oven with two realistic clicking knobs
- ✿ Large mud bowl, small mud pots, and metal flower pots included
- ✿ Recesses, hooks, and storage surface for easy organisation
- ✿ Built-in indestructible wheels for easy mobility

During the last week of September, schools and local authorities in the UK join people across the EU and beyond to celebrate Europe's linguistic diversity and innovative language teaching...

Europe has such a diversity of cultures, with over 200 languages spoken, so it's a great opportunity to join people together through learning, food, theatre and games.

European Day of Languages website...<https://edl.ecml.at/>

Your child has so many options in learning a second or third language, so the earlier they begin, the easier it is to understand.

Here in the UK, apart from Welsh, Polish is the second most spoken language, however the popular ones to learn are French, Italian, Spanish & German...

Don't forget...

Make your Family Tree ... from autumn leaves

Tools:

- Paper
- Pencil

- Crayons or paint
- Glue
- Autumn leaves

Method:

1 Lay a piece of paper longways on a hard surface.

2 Place you child's (or your!) hand and arm (from the elbow to the hand) on the paper.

3 Have the child spread their fingers and trace in pencil from the fingers to the elbow. The fingers are branches and the arm is the tree trunk.

4 Colour the 'branches' to look like a tree.

5 Now find the leaves that match the number of members in your family and glue each one on the tip of the branches (fingers).

6 Stick the left-over leaves to the bottom of your tree to make it look authentic.

7 Once the glue has dried, get your little one to paint or draw each family member, adding their name next to it.

8 Lastly hang it proudly on the fridge and enjoy ticking it off your autumn activity list!

10 AUTUMN JOKES FOR KIDS

1. What did one leaf say to the other? "I'm falling for you!"
2. Why did the scarecrow win an award? ... Because he was outstanding in his field!
3. What's the cutest season? Aww-tumn!
4. Why did the squirrel go to the park? To pick up some acorn-y jokes!
5. What do you get when you drop a pumpkin? Squash!
6. Why did the apple stop in the middle of the road? Because it ran out of juice!
7. What's a tree's least favourite month? Sep-timber!
8. How do you fix a broken pumpkin? With a pumpkin patch!
9. What's a leaf's favourite game? Hide and leaf!
10. What's a pumpkin's favourite sport? Squash!

Make Maths Fun

Making maths fun for kids can be a game-changer in building their interest and confidence. Here are 10 tips to make math engaging and enjoyable:

1. Turn Math into Games

- Use board games like Monopoly (teaches counting and money management) or card games like Uno to build numerical skills.
- Online maths games can make learning fun and interactive.

2. Incorporate Everyday Maths

- Engage kids in math during daily activities like cooking (measuring ingredients), shopping (budgeting, counting change), or planning trips (calculating distance and time).

3. Use Fun Math Apps and Tools

- Apps like Mathseeds combine learning with interactive play.
- Use colourful manipulatives like abacus, pattern blocks, or Lego to explain concepts visually.

4. Make it a Challenge

- Create math riddles, puzzles, or scavenger hunts that include problem-solving.
- Set up friendly competitions with small rewards for solving problems or completing tasks.

5. Incorporate Art and Creativity

- Explore patterns, symmetry, and geometry through art projects.
- Use drawing and colouring to explain fractions, or graphs.

6. Tell Math Stories

- Turn maths problems into stories where they solve challenges, like

"How many steps does the knight take to rescue the princess?" This adds a narrative element to the learning.

7. Use Real-Life Applications

- Show how maths is used in sports (scores, averages), building (measuring dimensions), or technology (coding).
- Have kids calculate discounts while shopping.

8. Break Lessons into Short Segments

- Keep maths sessions short and sweet to maintain interest. Introduce variety in activities to keep it fresh and fun.

9. Celebrate Small Wins

- Acknowledge progress and reward effort with stickers, badges, or verbal praise to boost their confidence.

10. Explore Math through Stories and Books

- Books make math concepts relatable and enjoyable through storytelling.

By integrating these tips into your routine, you can turn maths into an enjoyable adventure rather than a chore!

10 fun things to do as

Autumn Foliage Hike:

Take a scenic hike in a nearby forest or nature reserve to enjoy the vibrant autumn colours. Bring a camera to capture the beautiful foliage and make lasting memories.

Apple Picking:

Visit a local orchard and go apple picking as a family. Enjoy the crisp autumn air, pick a variety of apples, and perhaps indulge in some freshly made apple cider or apple pie afterward.

Pumpkin Patch Excursion:

Spend a day at a pumpkin patch selecting the perfect pumpkin for carving or decorating. Many patches offer other autumn activities like hayrides and Maize mazes.

Nature Crafts:

Collect fallen leaves, acorns, and pinecones during a family nature walk, and then use them to create autumn-themed crafts. This could include making leaf rubbings or decorating pumpkins.

Bonfire and Marshmallow Roast:

Set up a backyard bonfire (if permitted) and enjoy roasting marshmallows for s'mores. Share stories and enjoy the warmth of the fire as the evenings get cooler.

a family this Autumn

Scarecrow Building Contest:

Have a family-friendly competition to see who can create the most creative scarecrow. Use old clothes, hay, and other materials to bring your scarecrow to life.

Autumn Harvest Picnic:

Pack a picnic with seasonal treats like apple cider, pumpkin bread and hearty soups. Find a scenic spot, perhaps in a park or near a lake, to enjoy the flavours of autumn outdoors.

Outdoor Movie Night with Hot Cocoa:

Set up a cosy outdoor movie night with blankets and pillows. Enjoy classic autumn-themed film while sipping on hot drinks and nibbling on tasty snacks.

Haunted House or Maize Maze Adventure:

Explore a local haunted house or navigate through a Maize maze for some spooky family fun. Many farms and attractions offer family-friendly options suitable for all ages.

Bike Ride through Autumn Scenery:

Take a leisurely bike ride through areas with picturesque scenery. Enjoy the changing leaves, crisp air and the sense of adventure that comes with exploring your surroundings on 2 wheels.

10 FACTS ABOUT HUMANS

Here are 10 fun and fascinating facts about humans:

1. Super Brain The human brain has about 86 billion neurons and can generate more electrical impulses in a single day than all the telephones in the world combined!

2. Unique Fingerprint No two people have the same fingerprints—not even identical twins. Your fingerprints are uniquely yours and are formed before you're born.

3. Hair Growth Human hair grows about 6 inches per year on average. Interestingly, it grows faster during the summer because of increased blood circulation.

4. Strongest Muscle Pound for pound, the masseter (jaw muscle) is the strongest muscle in the human body. It can generate a force of up to 200 pounds on your molars!

5. Body Heat The human body produces enough heat in 30 minutes to boil about half a gallon of water. This is due to constant chemical reactions happening within us.

6. Walking Distance On average, a person will walk the equivalent of five times around the Earth during their lifetime if they maintain moderate activity levels.

7. Multi-Tasking Eyes Your eyes can distinguish about 10 million colours and process visual information in mere milliseconds. They are among the most complex organs in your body.

8. Regenerating Cells The human body replaces about 330 billion cells every day, meaning that roughly 1% of your body's cells are regenerated daily.

9. Bones Change Over Time Babies are born with about 270 bones, but as they grow, some fuse together, leaving adults with 206 bones.

10. Laughter Medicine Laughter is a natural stress reliever and immune booster. It can increase oxygen flow, improve circulation, and release endorphins—the body's "feel-good" chemicals.

Humans are truly fascinating and full of surprises!

Autumn family walks

Autumn family walks offer a unique opportunity to embrace the beauty of the changing season while spending quality time together.

The crisp air and colourful foliage create a stunning backdrop for outdoor adventures, making autumn the perfect time to explore nature. The vibrant reds, oranges, and yellows of the leaves, coupled with the scent of fallen leaves, make every step an enjoyable experience.

As the weather cools, family walks become more comfortable, allowing everyone to enjoy the outdoors without the intense summer heat. It's an ideal way to get some exercise while connecting with nature and each other. Autumn walks also provide an opportunity to talk about the changes in nature and the environment, fostering curiosity in children.

Dress in layers to stay warm and comfortable, as temperatures can fluctuate throughout the day. Waterproof shoes are recommended, as rainy autumn weather can make paths muddy. Bring along a thermos of hot chocolate or tea to enjoy a quick break mid walk.

You can make autumn walks even more fun by collecting colourful leaves, acorns, or pinecones. Nature scavenger hunts, where you look for specific items like a red leaf or a bird's nest, can also be exciting for kids. Autumn family walks create lasting memories and promote physical and mental well-being.

Pros and Cons of Sleep Training Your Child

Sleep training refers to methods that help a baby or toddler learn to fall asleep independently. While it can be beneficial, it's not a one-size-fits-all solution. Here are the pros and cons:

Pros

1. Better Sleep for Everyone

- Encourages longer, uninterrupted sleep for both the child and parents.
- Improved sleep benefits parents' mental and physical health, allowing them to be more present during the day.

2. Promotes Independence

- Helps children learn to self-soothe and fall asleep without relying on external aids like rocking or nursing.

3. Predictable Routine

- Establishing a regular sleep schedule can make daily routines smoother and reduce bedtime battles.

4. Reduced Night Waking

- Sleep training often decreases frequent night-time awakenings, improving the child's overall rest.

Cons

1. Emotional Challenges

- Listening to your child cry can be distressing for both parents and children.
- Some critics suggest it may cause short-term stress for the baby.

2. Requires Consistency

- Success depends on parents' ability to stick to a method consistently, which can be challenging.

3. Not Suitable for All Families

- Sleep training doesn't always work for babies with certain temperaments, medical conditions, or unique needs.

4. Cultural and Personal Beliefs

- Some families may find it clashes with their attachment or parenting philosophies.

Why Sleep Matters

Sleep is essential for healthy development and family well-being:

1. Cognitive Development

- Sleep supports memory, problem-solving, and brain growth in young children.

2. Emotional Regulation

- Adequate rest helps children manage emotions and reduces tantrums or mood swings.

3. Physical Growth

- Growth hormone is released during sleep, promoting healthy physical development.

4. Parental Well-being

- Well-rested parents are better equipped to handle the challenges of parenting.

The key is consistency and tailoring your approach to meet your child's needs while maintaining your own well-being. Sleep is a critical foundation for growth and happiness, so finding what works best for your family is essential.

Recipes to make as a family for the family

Meatballs with tomato sauce

Meatballs with tomato sauce

- Makes 4 Portions
- Suitable for freezing
- Preparation 45 minutes
- 15 minutes cooking time
- 200 C°, 400 F°, Gas Mark 6

Method

1. Peel the onion and carrot. Clean and remove the strands from the celery. Chop the onion, carrot and celery and place in a big saucepan with 3 tablespoons of olive oil and 2 bay leaves. Sauté for 4 minutes on allow heat and add the chopped tomatoes. Cook on a low heat for 15 minutes (if using tomato sauce) stirring occasionally.
2. Soak the bread in the milk. Peel and chop the garlic. Mix the meat with the egg, bread (squeezed out), garlic and half the parsley. Add a pinch of cinnamon and season to taste.
3. Shape the meatballs; roll them in the flour, place on a tray and bake in the oven at 200°C.
4. Remove the bay leaves from the tomato sauce and mash the vegetables. Add the meatballs and add to the sauce and cook on a low heat for 10 minutes. Once ready, sprinkle the remaining parsley over the top just before serving. **Enjoy!**

Ingredients

- 400g minced beef
- 200g minced pork
- 1 egg
- 1 garlic clove
- 1 sprig parsley
- 1 slice bread
- 1 tin of chopped tomatoes (or 400g tomato passata)
- 1 onion
- 1 small carrot
- 1 celery stalk
- Bay leaves
- 3 tablespoons olive oil
- Black pepper
- Ground cinnamon
- Salt
- Seasoned flour

Nourishing Our Future: Why a Balanced Diet for Children matters

In a world inundated with choices, ensuring our children receive the nutrition they need is paramount to their growth, development, and overall well-being. As parents, we play a pivotal role in shaping our children's dietary habits, laying the foundation for a lifetime of health. Here's why a balanced diet is crucial and how we, as carers, can make a positive impact.

A balanced diet is like a full symphony of nutrients, with each element playing a unique role in supporting our children's health. From the essential vitamins and minerals found in fruits and vegetables to the energy-providing goodness of whole grains and proteins, every component contributes to their physical and cognitive development.

One of the keys to achieving a balanced diet is variety. Encourage your children to explore the colourful spectrum of fruits and vegetables, introducing them to a diverse range of flavours and textures. Make mealtime an adventure by involving them in selecting fresh produce and experimenting with new recipes.

Whole grains should be the backbone of their diet, providing sustained energy and essential nutrients. Opt for whole grain bread, pasta, and rice over their refined counterparts to ensure a steady release of energy throughout the day.

Protein is the building block of growth, and including a mix of lean meats, fish, eggs, dairy and plant-based sources will ensure

your child receives the necessary amounts of Amino-acids for muscle development and overall health.

Limiting sugary snacks and beverages is crucial in preventing the pitfalls of excessive sugar intake. Instead, encourage water as the primary beverage and use natural sweeteners like fruits to satisfy their sweet cravings.

As parents, we need to lead by example. Children are the keenest of observers and by demonstrating our commitment to a well balanced diet, we instill in them the importance of making nutritious choices.

Let's nourish our children's bodies and minds with the gift of a well-rounded and wholesome diet, ensuring a vibrant and healthy future for the next generation.

Halloween recipes

If you feel yourself getting a little 'peckish' this Halloween, we've got you covered with these tasty Halloween themed spooky treats...

Mummies on Toast

Ingredients

- Cheese cut into thin strips
- Sliced bread
- Tomato puree
- Black olives, sliced

Method

1. Toast one side of the bread
2. On the untoasted side spread tomato puree over the bread
3. Lay strips of cheese across the puree and at slight angles to look like bandages.
4. Add olives for eyes
5. Pop back under the grill to melt the cheese

Spooky Halloween Drink

Ingredients

- Milk or water
- Hot Chocolate drink powder
- Strawberry sauce
- Whipped cream
- Chocolate chips/ drops

Method

1. Drizzle strawberry sauce around the edge of a heat proof glass (you only need a little - you don't want it to look like a massacre!)
2. Make the Hot Chocolate according to the packet's instructions
3. Pour the Hot Chocolate into the glass
4. Squirt a 'ghost' like shape of whipped cream on top of the drink and add 2 chocolate drops for the eyes

Tasty Monster Mouth

Treats

Ingredients

- Apples
- Smooth Peanut Butter
- Mini marshmallows or white chocolate eggs

Method

1. Cut the apples into 8 thick slices
2. Spread a little peanut butter on one side of each slice
3. Place a row of marshmallows or eggs onto one slice and place another apple slice, peanut butter side down, on top of the sweets

Green Worm Jelly

Ingredients

- 1/2 Pint Boiling Water
- 1/2 Pint Cold Water
- Pack of Green Jelly
- 6 Jelly Worms

Method

1. Make the jelly up according to the packets instructions
2. Pour into glasses
3. Add a worm once cooled but not set so that you can stick part of the worm into the jelly so he is wriggling out of the jelly!

Serving Suggestion:

We recommend you 'devour' these treats in the company of friends!

For more delicious recipe ideas visit our website

www.raring2go.co.uk

Halloween Decorations

GHOSTLY MILK BOTTLES

These ghostly milk bottles are an easy, fun and cost effective way to decorate your house this Halloween.

How to make ghostly milk bottles:

1. Clean out your empty milk jug.
2. Draw some spooky eyes and mouths onto black paper or card and cut them out. You can find great Halloween face templates online if you need a bit of inspiration.
3. Use some glue or double sided tape to stick the ghostly faces onto your milk jug.
4. Cut a flap in the back of the milk jug (the side opposite where you would like the face to be). The flap should be big enough for you to place your lights in. This can be tricky, probably best for an adult to do this step.
5. Place a few rocks in the bottom of your milk jug to stop it from getting knocked over then add your fairy lights or glow sticks.

You will need:

- Empty milk bottles
- Black paper or card
- Pencil
- Glue or double sided tape
- Knife or scissors
- Rocks
- LED light or glow sticks

7: D) Pumpkin
8: C) Cool and rainy
9: A) Trick-or-treating
10: B) Harvest Festival

Could you be the next Raring2go! Editor? Local Franchises Available!

Have you ever dreamed of taking control of your working life to fit around your family? We're looking for a special person to join our network by purchasing either a new, or existing, magazine franchise area.

Here's what one of our franchisees says about Raring2go!

You really can have a rewarding career and bring up your family!

I decide my working hours. Raring2go! has allowed me the flexibility to do the school run, attend sports days, and take time off in the school holidays. My family & I have been privileged to try so many new activities and days out. We've reviewed after hours events at Marwell Zoo and attended opening events at Paultons Park.

Most of all, I love working with some fantastic local businesses and amazing organisations. Sometimes, as I'm sat chatting with them over a hot chocolate, I can't believe how lucky I am that this is part of my job!

Being a Raring2go! Editor

The role of Editor is very varied, with everything from researching local what's on info, social media, design, distribution and sales. Support is ALWAYS available from the Raring2go! Franchise. No previous experience is necessary although an interest in the local area is helpful.

Please note that a financial investment is required to get started. But, if you're passionate about local families having fun and you're eager to be your own boss, we'd love to talk to you.

Don't miss out on this rewarding career and family friendly lifestyle. Ask for more details by calling **01273 447101** or by email to **info@raring2go.co.uk**

**To feature in our
Winter edition email us at
