PARTNERSHIPS

PIC•COLLAGE

CLASSICS

One of our Classics teachers has been to lots of primary schools (and taught over 1000 children!) to deliver sessions on the Romans and Greek Theatre. They have become so popular that she is now offering CPD to teachers so that they can teach the lessons themselves!

PIC•COLLAGE

Maths

The Maths Department have had two Maths Challenges in school (18 primary schools came to each), have run an online Maths Competition and teachers have gone out to teach five other schools too!

Year 4 Blue go orienteering at Bolton School

Thank you to Bolton School for an amazing day! Year 4 Blue had lots of fun meeting friends, making new friends and working as a team in their orienteering session!

Two classes came to visit us from St Peter's Farnworth to do some orienteering. It was a cold day but they soon warmed up with lots of running around and some hot juice!

ORIENTEERING

PIC•COLLAGE

Science

In addition to holding a Y5 Science Competition in school, one of our teachers also visited a local primary school to deliver a session for British Science Week.

British Science Week 10-19 March 2023

PIC•COLLAGE

Textiles and Food Technology

Pupils from Beaumont Primary School came in to create some masterpieces!
